THE C.P.R. BID

THE Canadian Pacific Railway, through its president, E. W. Beatty, K.C., has made a bid for the entire proxincial government in the northern country. The offer is much better than any that has previously been made as the province of the proxincial government in the northern country. The same and the province would be justified in accepting, namely S23, 500,000. That is within \$1,300,000 of the sum named by the Premier as the minimum amount the province would be justified in accepting, namely S23, 500,000. The latter amount would equal the entire estimated replacement cost of the E.D. & B.C. and the Central Canadia vigures and the control of th

THE offer is not one to be lightly tossed aside. The bid is, if the figure is \$22,000,000, and the Premier has indicated that this is approximately correct better than any previous offer made for the northern lines or any of them, by the amount of \$5,000,000.

better than any previous offer made for the northern lines or any of them, by the amount of \$5,000,000.

CONSIDERATION not to be overlooked is that it is the first time any offer which could be considered in the first time and the state of the considered in the first time and the constant of the const

WHILE the substantial increase in the present offer is, in a measure, vindication of the views of those who have held that the A. & GN. like the bow who have held that the A. & GN. like the become worth the entire amount it would take to construct these roads as the development of the northern struct these roads as the development of the northern bardly presents, there should be no inclination to the contract of the contract o

PRESIDENT Beatty has already indicated that the C.P.R. will take its part in the development of Northern Alberta, whether it secures the provincial Government roads or not. Should anything occur which would bring the C.P.R. into the north country as competitors to the Government roads, it is conceivable that these roads would not be worth anything like \$22,000,000 either to the Government, or any other system. It is no time to delay.

NO CAUSE FOR APPREHENSION

Recent occurrences at the provincial asylum at Ponoka have led to action in the courts. Comment in reference to them is therefore not permissable. But it should be said, for the assurance of the public, that nothing has transpired to suggest mon in that or any of the other institutions of that class in the province. Those whose duty it is to care for the immates of such institutions have a task which must always be difficult and can never be pleasant, and which carries allow years always be difficult and can never be pleasant, and which carries allow years to believe that the patients are reacted with the utmost consideration that is possible.

LOWER RATES AND MORE BUSINESS

Edmonton's civic utilities earned profits amounting to \$310,000 to the end of August, and are likely to turn in surplus of piete year. Viewed from the standpoint of inxation only, this is a very satisfactory showing. But these large gains have not been made by changing a minimum profit on a large turn-over. Rather the cost, any Lating and the standard of the stand Little has been done to sell the services to as many customers, and in as large amounts, as possible. The general policy has been to let the house-holder and the than to urge them to use these or to use them more freely. It is time to try the other tack. The utilities should be kept on an earning basis. But the earning should be done by selling the largest possible amount of the services at modified rates, and the services at modified rates.

ALBERTA IS IMMUNE

Albertans, as they read about evelones and tornadoses in the West Indies, Florida and Illinois, while the harvesting and threshing of a bumper crop is proceeding here in ideal weather, will have no diffished the state of the s

EXPORTING CRIMINALS

AGAIN-REPARATIONS

AGAIN—REPARATIONS

It is strange to read that the Governments of Great Britain, France, Germany, Beigium, Italy and Japan have decembered to the set up a commission to "make a complete and definite settlement of the reparations problem." It is almost ten years aince the war ended. How many conferences have been held, and how many arrangements made and proclaimed for the settlement of the reparations question, it would be interesting to know. The world at large has restring to know. The world at large has essenting to know. The world at large has secons, was a mistake, and how much more time and effort must be spent to reach a

solution there is no telling. Among the preparations for the "next war," which is occasionally talked about, it would be an advantage if some international understanding could be reached beforehand as to how much the loser will have to pay and how much the winner may expect to get, in the way of reparations.

"GET IT AT WOODWARD'S"

Fieru Tribes of Tibet Like People of Strange World Says Missionary

Edmonton Visitor Tells of Women With Many Husbands
— Missionary Skinned Alive—Religion a Mechanical Process, and People Like North American
Indians in Country of Eight Million
Little Known

Strange beyond ordinary conception and quite like a glimpse into a world beyond the farther stars is the story of the in Thet, as told by the Bev. Thomas Cook and Mrs. Cook. at present in Edmonton in the course of a year's furlough in Canada.

For nineteen years Mr. Cook has been a missionary with the Inland China Mission, and for eighteen years he has had a staunch and sympathetic assistant in the person of Mrs. Cook. Romaned does not cease when the shores of Canada disappear from the view of the Orient-bound missionary, as the young woman who went to the province of Szechuan covered. There she met the young Englishman, and together they carried on the great work both had felt called to do.

For many years Mrs. Cook was 8.9.

Babes In Hollywood

The Bulletin's Daily Short Story From Real Life

ASTER PHILIP FOREST as on a pile of scenery, viewed the scene before him with jaundleed eyes of leather slippers, to and fro against the boards. The scene would have been thrilling to most small boys of ten. A movie set, Kileg lights, cameras grinding, directors abouting, extran milling excitedly, commands ringing up and down the great raftered studio. But Master Philip saw it with the infinite wearlness of long experience, and upon the desired was the same of the motherly working in black taffets—a character actress whom he disliked scutely—and let her cudile and kiss him.

when the process of the control of t

BUILDING SUPPLIES

Edmonton Paint & Glass Co. Ltd.

FUR COATSALE

ALASKA FUR MFG. CO., LTD.

We advertise \$90,000 worth of fine furs at a sacrifice, and we carry in stock anything we advertise, in all sizes. We are not misrepresenting anything to the public. We have the goods. Come in and judge for yourself, and see the largest fur stock in the Province, which will be slaughtered at 9 a.m. Thursday at ridiculous prices.

We guarantee and will give a written guarantee on all fur coats sold during

NOW WHAT IS A GUARANTEE? A guarantee is an important factor when you buy a fur coat. A guarantee does not make the fur any better but it certainly holds the furrier to do what he agrees to do. We guarantee our fur coats because we know that they are all right, but if there are any defects in the skins we replace them free of charge and give the service we promised to give. We have done it in the past and will continue to do it in the future.

Fur Sales are for the benefit of the people. Fur Sales or any other kinds of sales have existed for years, and we figure that it is good, clean com-petition, no matter what the opposition has to say. If you can't stand by your goods why should you be classed as a reputable house?

We have kept quiet until our full stock of fur coats was ready for your inspection. Now we are ready to show the public one of the finest assortments of fur coats in the Province—the best of quality goods and work-manship as perfect as can be found.

DOWN WITH HIGH PRICES is our motto. We wish to sell a large quantity at a small profit. We are in a position to sell you a fur coat on the "Pay As You Wear." plan—a small deposit, no matter how small, and the balance so much a month—"Pay As You Wear." You can judge for vourself by comparison that the prices below are cut to the bottom

We defy competition. We want your business and to get it we believe in low prices, and quality goods. Compare our prices with the prices of other fur houses. With us you can save 20 to 30 per cent. We have a few seal coats of small sizes which we are selling at the ridiculous price of \$80.00. Our Musirat Coats are the finest of grade. You will be astionished at the low prices we are selling them for

Make The Alaska Fur Mfg. Co. Ltd. your Home for buying fur. Don't listen to stories or gossip. Come in and convince yourself and make a dollar. We guarantee to give you dollar for dollar. You dollar with us is an honest dollar, and we can give you real honest merchandise for it. Be one of the early shoppers Thursday morning at 9 e/cio.

YOUR CREDIT IS GOOD-PAY AS YOU WEAR

An Attractive Investment

Secured by First Mortgage on the Electric, Gas and Tramway Services of Halifax

Services of Halifax

The most highly rated corporation bonds are those secured by first mortinger on the public utility services of substantial communities. They are unusually safe because of the necessity and permanency of the mortgaged utilities. Electric light, power and gas, for example, are an necessary as food and as permanent as the municipalities which they serve. Neva Scotia Light and Power Company, which this predecessors has been in continuous and successful operation for more than 32 years, owns and operates, without competition, all the electric light, power; gas and street railway properties in the subsidializers, but commercial light and power business in Dartmouth and Bedford, suburbs of Halifax.

The Company's assets (exclusive of franchies and

ness in Dartmouth and Bedford, suburbs of Hairlax. The Company's assets exclusive of franchises and goodwill) are valued at the equivalent of 1½ times its funded debt. Earning a variable for interest and reserves for the past three years averraged \$419,663, and for the year 197 were \$49,346, as company with present annual bond interest requirement of \$175,600.
